A. Discuss & Approve 2020-2021 School Calendar Modification

Dr. White shared that the administrative team was recommending changing the 2020-2021 school year calendar to make Friday, October 2nd a professional development day for recalibration of the reopening of schools plan. Prior to this day, families would be surveyed families on how in-person and distance learning is to allow them to share with us what is working and not working. On October 2nd, teachers will take this information and collaborate on potential adjustments that need to be made to enhance the learning experience the district is providing, including time to individually connect with Distance Learning students as needed.
