

253.2 APPROVAL OF HANDBOOKS

So that pertinent policies and important regulations and procedures may be known by all staff members and students affected by them, administrators are granted authority to issue staff and student handbooks as found necessary and desirable.

It is essential that the contents of all handbooks conform with school policies. It is also important that all handbooks bearing the name of the school system be of a quality that reflects credit on the school. Therefore, the Board expects all handbooks to be approved by the Board and/or the District Administrator before publication.
