

731.2 LOCKER ROOM PRIVACY

The district shall take the following reasonable measures to protect the privacy rights of individuals using school locker rooms. The following provisions outline the extent to which that protection can and will be provided:

- Under no circumstances can a person use a camera, video recorder, cell phone or other recording device to capture, record or transfer a representation of a nude or partially nude person in the locker room. Any other use of a camera, video recorder or other recording device in the locker room requires the prior permission of the building principal or designated locker room supervisor and the person being photographed, videotaped, or recorded.
- Locker rooms are provided for the use of physical education students, athletes and other activity groups and individuals authorized by the building principal or by district policy. No one will be permitted to enter the locker room or remain in the locker room to interview or seek information from an individual or team at any time. Such interviews may take place outside of the locker room consistent with applicable district policies and/or school rules.

Students and staff violating this policy shall be subject to school disciplinary action and possible legal referral, if applicable. Other persons violating the policy may be subject to penalties outlined in state law. The building principal or their designee shall be responsible for enforcing this policy.

This policy shall be publicized annually and posted in each locker room in the district.
