

733 ENERGY CONSERVATION

The board shall encourage and support an energy conservation and education program to substantially lower consumption of electricity, natural gas, oil and water.

It shall be the responsibility of each district employee and student to participate in conservation efforts to reduce consumption to levels as may be prescribed by state and federal guidelines. However, every effort will be made to maintain programs for the benefit of students. It shall be the responsibility of the District Administrator to implement, direct, monitor, evaluate and report district energy conservation efforts.
